**DETAILED ACTION**

***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 02/23/04 has been entered.

***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 13-19, 22, 24 and 25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 13-19, 22, 24 and 25 depend on claim 12, which is canceled. Appropriation correction is required.

***Allowable Subject Matter***

4. Claims 1, 9-11, 20-21 and 23 are allowed.

5. The following is an examiner's statement of reasons for allowance: Youn teaches the motion estimator (1202, 1204, and 1206 of fig. 12) for estimating motion vectors of the decoded signal and the input motion vector. Keesman teaches the motion estimator (29 of fig. 1) for

Art Unit: 2613

estimating incoming picture (1 of fig. 1). However, neither Youn nor Keesman discloses a look-ahead estimator to gather information from said input compressed video signal and said decoder to estimate current signal characteristics of a current picture and future signal characteristics of a future incoming picture; and encoder to compress the reconstructed video signal according to a coding scheme derives from said current and future signal characteristics from said look-ahead estimator in combination with others, see figure 4 of the present invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
